About Catena

Item 17

The Nomination Committee proposes that the Meeting resolves to adopt unchanged instructions for the Nomination Committee. It is proposed that the Nomination Committee consist of four members – representing the four largest shareholders at the beginning of October alongside the Chairman of the Board. No fees are to be paid to the members of the Nomination Committee.

The instructions for the Nomination Committee shall comply with the Swedish Code of Corporate Governance (the Code) unless deviations are justified and reported in the Corporate Governance Report.

Item 18

The Board of Directors shall draw up proposals for new guidelines for senior executives as least every four years. Reviews are made on an annual basis and the Boards review before the Annual General Meeting 2023 haven't warranted any significant changes.

Item 19

The Board of Directors has prepared a remuneration report that describes the application of the Company's remuneration policy and presents the remuneration to the Company's management body during the 2022 financial year. The Board of Directors proposes that the Annual General Meeting approve the remuneration report. The remuneration report is available at www.catena.se.

Item 20

The Board proposes that the Meeting authorise the Board to decide, until the next Annual General Meeting, on the acquisition of at most 1/10 of all shares with funds available for the distribution of earnings. Decisions may be made on one or several occasions. The authorisation includes the right to decide to deviate from shareholders' preferential rights. For acquisitions on Nasdaq Stockholm, the price shall be within the registered price interval at any given time. Shares may be acquired to adjust the capital structure, to be used in financing acquisitions or other transactions, or otherwise for disposal or redemption.

Item 21

The Board proposes that the Meeting authorise the Board to decide, until the next Annual General Meeting, on the disposal of at most 1/10 of all shares. Decisions may be made on one or several occasions. The authorisation includes the right to decide to deviate from shareholders' preferential rights, to determine the terms for this and the manner in which disposal takes place. Disposals may be made in connection with possible acquisitions or other structural transactions or through sale on the open market. For disposals via Nasdaq Stockholm, sales are to be made at the prevailing market price.

Item 22

The authorisation may cover at most a combined 1/10 of the total number of shares outstanding at the time of the Board's first decision to issue shares. New share issues are to be implemented on the usual market terms.

It is proposed that authorisations to implement acquisitions and new share issues be limited so that the number of shares acquired by the Company itself, and the number of new shares issued, including the number of new shares which may be issued following conversion of issued convertible bonds, in accordance with decisions by the Board of Directors, would combined correspond to at most 1/10 of all shares outstanding in the Company.

About Catena
